

# CLASSIC CAR CLUB OF AMERICA

Classic Car Club of America, Inc. | 3501 Algonquin Road Suite 300 | Rolling Meadows, Illinois 60008 | Phone: 847-390-0443

Dear Dan Jendrowski,

It is a pleasure to welcome you as a new member of the Classic Car Club of America. We hope that you will enjoy your fellowship with over 4,000 enthusiasts worldwide who own or are interested in Classic cars.

During each full year of your membership, you will receive 12 of our award winning publications. All of these publications will provide you with a broad scope of interesting articles, and, informative essays covering all aspects of the automobile during the "Classic Era". They are intended to provide you with interesting and helpful information about ownership, restoration, preservation, and, overall enjoyment of Classic Cars. They will also keep you abreast of all Club activities, both National and Regional.

The publication also has a classified section to help you buy or sell Classic related cars and items. All of this information above is also available to you online at [www.ClassicCarClub.org](http://www.ClassicCarClub.org). Make sure you sign on and explore the Members section to search cars, members, and, other information in our extensive archives. For those of you who are digitally adept, this is a tremendous resource that you can have with you always through your smart phone or portable device.

Each Region has its own board of managers, publishes a newsletter, and holds various types of rallies, judging events, dinner meetings, tours and other activities. Our website provides a Quick Link section to the CCCA Regions for you to review.

During the year, the CCCA holds Grand Classics in different locations of the country. Classic cars are judged and exhibited, plus the Grand Classics provide a pleasant opportunity to enjoy a full weekend of Classic activity, including an awards banquet. If you are unsure of what class to enter your car in for judging or need explanation of any rules or procedures, don't hesitate to contact Club Headquarters. The Club also honors cars with original, unrestored features, so if you can bring an original car to a meet, please let us know when you register. CCCA CARavans are another highlight of the year. They provide an excellent opportunity to tour different parts of the country in Classic style with great fellowship.

Each year, in the first 4 calendar months, the Club holds an annual members meeting, in a different area of the country. Next year the Annual Meeting will be held in King of Prussia, Pennsylvania, March 25-29, 2020. This meeting offers members the opportunity to lend direction to the Club. It also includes a Grand Classic, tours, fellowship, and, several awards banquets to create the grandest event of the year.

We hope you will find much pleasure in being a member of the Classic Car Club of America. We pride ourselves on over 65 years of celebrating the greatest cars in the world!

Welcome to the Club!

Jay Quail, Executive Director CCCA
